3. Alternatively, you can get to the Meet Host setup by clicking on "Competition" in the navigation bar and selecting "My Meets" from the dropdown. If you only have access to one team or organization, you will be taken to the "My Meets" landing page.
 - a. If you have access to more than one team or organization, you will need to select which one you'd like to view "My Meets" for. If you need to edit your selection, you can click "Back to Selection" on the next screen.

- b. On the "My Meets" landing page, click the grey "Meet Host" tab and filter for the meet you are looking for in the Meet Host table.

Please note:

- Creating an OME Meet is only allowed until the Meet Start Date.
- Editing an OME Meet is only allowed until its Meet Entry Change Deadline.
- Deleting an OME Meet is only allowed until its Meet Entry Start Date.

5. If this is a new meet, you will be given information about Meet Templates and given the option to use one. Make a selection using the Meet Template Search or click "Continue." Meet Templates automatically carry over most of the information from the template meet to the meet you are setting up. However, there are a few pages that do not carry over:

- a. The Meet Info page.
- b. The OME Meets page.
- c. The Submit page.

Time standards carry over when you elect to use a template from a previous meet. Time standards must be changed manually for the existing events from the template on the Events page. Changing the time standards on the Time Standard page will not change the time standards assigned to the existing events.

As you navigate your way through each page setup, you will see a green check mark next to the page you have completed, and you will see a red "X" next to any page that requires your attention. An asterisk (*) will indicate which page you are currently viewing. You may click the red "Save & Exit" button at the bottom of the page to save your progress and close at any time.

6. Start Meet Host setup with the **Meet Info** page. This page asks for general information about the competition. At the top of the page, there is a direct link to the team entry page for coaches' use.
 - a. All OME Meets must have a Meet Entry Start Date in the future to edit the Course Priorities. The rest of the page can be edited until the latest Meet Entry Change Date across all OME Meets has passed.
 - b. Please complete all required fields and click "Continue."

11. You can add time standards to the host setup using the **Time Standards** page. If your meet uses time standards, you will be asked to enter additional information to specify time standard details.
- Click the "Edit" icon for each age group to select their time standards. Pre-existing time standards created in the Time Standards section of SWIMS will be available to choose from the dropdown menu. If the age group does not require a time standard, please select the "No Time Standard" option at the top of the list.
 - If the time standard you need does not already exist in the dropdown menu, you may add the time standard to SWIMS. Please click "Save & Exit" at the bottom of the page, click "Competition" in the blue navigation bar at the top of the page, then click "Time Standards." Click add Time Standard and fill out the Time Standard form.
 - This page can be edited before the latest Meet Entry Change Deadline across all OME Meets. After that date has passed, the page is read-only.
 - Click "Continue" to move on to the **Events** page.

Time Standards

Indicate whether or not the Meet uses Time Standards. If the Meet uses Time Standards, additional information is required.

Meet uses Time Standards?*
☒ **Yes**

Meet has No Slower Than Time Standards?*
☒ ☐ ☐

Meet has No Faster Than Time Standards?*
☒ ☐ ☐

Meet has Bonus Time Standards?*
☒ ☐ ☐

Time Standard information is required for each Age Group. Select Time Standards for an Age Group by clicking the edit icon. If an Age Group does not use a Time Standard Type, select the 'No Time Standard' option on the detail page.

Age Group Time Standards

AGE GROUP NAME	MIN AGE	MAX AGE	
18&U	1	18	 ▼
19&O	19	99	 ▼

12. Enter the event information for all events at your meet on the **Events** page. Click “Add Event” and enter all required information. More applicable settings will appear with proper selection. Click “Save” at the bottom for every event.
- When you go to the Event Details page for an event, the associated time standard will automatically populate after selecting the event, competition category, and age group. You are free to edit the time standard cut, and this edit will be applied only to this specific event at this specific meet.
 - If a meet has time standards, you can click the blue "Add Alternate Event" button to include an additional event to be used for entry in this event. For example, add the 1000 freestyle as an alternative event to allow entry in the 1650 free using a 1000 freestyle time.

- g. Ensure all required fields are complete and click "Save." The status should now read as "Complete."
- h. You may continue to the Submit page to complete the OME setup without adding any additional OME Meets. Additional OME Meets are not required. The main OME Meet can never be deleted unless the entire Meet Host Setup is deleted.

14. If your meet offers multiple entry policies for different conditions, you have the option to create an additional OME Meet to cater to those policies. You may click “Add Additional OME Meet” to add an OME Meet with a different name, entry window, maximum number of athletes, invitations, qualifying window, or pricing than the main OME Meet uses.
- a. Examples of these conditions may include the following:
 - i. A Late Entry Policy with an entry window that opens after the Main OME Meet’s entry window and has higher prices on entry fees.
 - ii. An Out of Section Policy that is limited to a certain number of athletes and open only to selected LSCs.
 - b. If the status of an OME Meet is listed as “In Progress,” there are more selections needed before it is ready to accept entries.
 - c. The “Add Additional OME Meet” button is hidden after the latest Meet Entry Change Deadline across all OME Meets passes. Additional OME Meets can be deleted until a payment has been submitted for entry into that OME Meet.
 - d. All settings assigned on the **Meet Info, Eligibility, Restrictions, Sessions, Age Groups, Time Standards, Events, and Submit** pages will apply to all additional OME Meets.
 - e. Click “Continue” to move on to the **Submit** page.

OME Meets
