SEARCH FOR A NEW MEET TO ENTER

4. Start your Team Entry with the **Meet Info** page. This page offers roster permissions and asks for your team’s entry contact.
 - a. Roster permissions can be used to allow athletes and their guardians to manage their meet entries with approval from the coaching staff. Select “Yes” and list an entry window for your athletes, or select “No.”
 - i. Only select “Yes” if you want to allow athletes on the roster to add their own individual events via My Athlete Meet Entries under the website's Competition header. These events require approval from a coach or administrator.
 - ii. Athletes must be added to your roster on the **Roster Entries** page for this feature to work properly.
 - b. When adding an entry contact, please list a staff member who should be contacted with any questions or concerns about your team’s entry. They are not required to attend the competition. Listing someone here does not purchase them a credential and does not permit deck access at the competition. This can be done on the **Credentials** page.
 - c. Please complete all required fields and click "Continue."
